To Whom it may concern,

Students from Eagle Harbor have attended College Park Middle School for many years. During this time we have developed a positive and productive relationship with all of the staff members at Eagle Harbor. Danny and Liz Gilbert have been cooperative and communicative. When we have needed to contact Eagle Harbor due to issues related to one of their children, they have been quick to respond. They are proactive and positive in their support for their children and our school.

The children who are sent to Eagle Harbor are often from extremely chaotic homes. Their lives have never been what most would consider "normal." If they are lucky enough to find themselves at Eagle Harbor, these children finally seem to get a taste of what a stable home environment looks and feels like. This in turn is a tremendous benefit to the child as well as our school. We have seen children who have been bounced from home to home. They come to our school with academic and social issues. We have worked hand in hand with the staff at Eagle Harbor to provide an educational setting that these children can benefit from. The result of this collaborative effort is student growth and progress. We have seen our Eagle Harbor students not only pass their classes but truly thrive academically. We have seen early behavior problems diminish greatly throughout the year. We have seen tremendous progress with many of our Eagle Harbor students. We are thankful for the work the Eagle Harbor staff does on behalf of our students!
